

remorse in making such a  
serious mistake

I honestly believe Gene has learnt  
and suffered, paid and is still paying  
(by the loss of his business etc.) and has  
paid his debt to society.

It is my sincere hope that your  
Honorable Judge, that you'll take this  
letter, and all other into consideration, to  
show some leniency.

Our Family keeps growing bigger  
and bigger you know, but our Family picnics  
and gatherings aren't the same. Our Family  
Photos aren't the same. There's someone missing.  
Gene.

Sincerely,  
John Eitelberger
